Year 12 2022 Graduation Ceremony Speech, Tuesday 6 December

It takes a village to raise a child. In that spirit I would like to pay tribute to the parents, carers, other family members and Oxley lives on each of the 85 Year 12s of 2022 graduating today. I particularly want to pay tribute to the leadership of Hal, Peggy, Dom and Liv for their contribution as leaders of the Year 12 class of 2022 and the legacy they leave at Oxley, and I look forward to them speaking to us this evening.

It has been another successful year for Junior school, with a return to onsite learning and the resumption of a wide range of activities. From fund raisers to sporting events, incursions, and culminating assessments, students have taken all challenges in their stride, approaching life at school with courage, care, and wisdom. Students was a day of water safety, swimming skills and fun. The classrooms have been buzzing still talking about our memories to this day! The Talent Show was a huge hit as students showcased their performances to represent their houses in the Inter House Competition. Over the last two weeks, an impressive number of Year 5 students were involved in the leadership programme. The calibre of students has been outstanding, and it is clear they are ready to lead our school in 2023.

During, what is their last term of the Junior School, our wonderful Year 6 students are learning journey in the Senior School. The Year 6 dinner was a highlight being a special event shared by parents. A day at Jamberoo was unforgettable as some students stepped out of their comfort zone and went on rides that tested them. We are also very excited

We delivered our hampers to the Women's Centre and Animal shelter, and these were those less fortunate.

, and beyond and for connecting with your students in such a personal and caring way. A huge thankyou to our families who have welcomed me so warmly and continued to work alongside our teachers to support students in their learning journey. An amazing 2022 in School students. My favourite subject this semester was Maths. I really like learning about money. I learnt

My biggest improvement has been in writing because I can write more now. I liked writing my acrostic poem on my home. Next year I want to get good at playing the double bass. Year 1 is good because we become grown up and I've become grown up because my tooth has started to grow. Ronnie Fragar Year 1.

My favourite subject this semester was Maths because I loved learning about money, there's only 2 gold coins and the dollar sign is an s with a line through it, and the rest are silver. Genuinely, 10/10 would recommend it to a friend. Now I could go on, but I think the review writers of the Pin Oak might attempt to throttle me, so for both of our sakes let's just say it exceeded expectations. And for once, we had a bit of Aussie representation.
