IN THE JUNIOR  
SCHOOL WE WANT  
THAT WORLD TO  
BE A PLACE OF  
WELCOME, WONDER  
AND WISDOM FOR  
ALL; A PLACE TO  
THINK, TO DARE  
AND TO DREAM.

We warmly welcome you and your family to the Oxley Junior School.

We are proud of the founding mission of Oxley College grounded in the present. We know that to nurture a love of learning, richness of opportunity and sense of belonging for each child is key.

Our aim is that your child's Junior School years are joyful and magical; remembered with great fondness. nurturing the development of each child in the Junior

Although the school began only forty years ago, it feels like it has been a part of the Southern Highlands landscape for much longer than that - perhaps founded in 1883, not 1983. This is partly due to the graceful main building, Elvo, and the grounds. It is also, however, something deeper than that. I think it is because it seems necessary, indeed inevitable, that a community such as this should have a school such as Oxley.

The Southern Highlands is a community that has high standards and will let them see that, with rigour and hard work, almost anything is possible. We aspire to give the students the advantages of a 'big city' school, without parents having to send their children away to the boarding houses of Sydney or Melbourne.

Many people in the Highlands want a school that respects the role of tolerant, ecumenical spirituality in a life of men and women and know the importance of them working together. We also respect the profound, personal nature of each individual's life. This respect is deep in Oxley's soil.

So I think this is why it feels that Oxley has been here for much longer than forty years: we should have been here in the Southern Highlands since the best in this community. We are proud to educate the sons and daughters of those who choose to live here. We are proud to be the type of school we are.

On a more personal note, we look forward to making the conscious choice to raise their children in a school that looks forward to educating them and look forward to the miracle of their journey from childhood to adulthood. We have an encyclopedia in our library.

# VISION

1. The first step is to identify the problem or goal. This involves understanding the current situation and what needs to be achieved. For example, if the goal is to increase sales, the first step would be to analyze the current market and identify potential opportunities.

2. Next, it's important to set clear, measurable objectives. These should be specific and achievable. For instance, instead of saying "increase sales," a more precise goal would be "increase sales by 10% over the next six months." This helps in tracking progress and staying focused.

3. Once objectives are set, the next step is to develop a strategy. This involves determining the best way to achieve the goals. For example, if the goal is to increase sales, a strategy might involve launching a new marketing campaign or expanding into new markets.

4. After the strategy is developed, it's time to implement it. This involves putting the plan into action and monitoring progress. Regular communication and reporting are essential to ensure everyone is on the same page and to make adjustments as needed.

5. Finally, it's important to evaluate the results and make adjustments as necessary. This involves comparing actual performance against the objectives and identifying areas for improvement. Continuous learning and adaptation are key to long-term success.

**OXLEY COLLEGE IS AN INDEPENDENT,  
CO-EDUCATIONAL AND NON-DENOMINATIONAL P – 12  
DAY SCHOOL FOUNDED ON CHRISTIAN PRINCIPLES.**

Established to develop the fundamental principles of this small and personal enough for students to feel that their philosophy. High standards of dress, courtesy, conduct and discipline are maintained. The school is founded on the principles for which Oxley stands. Oxley provides an environment in which students can develop their potential. Oxley aims to develop in its students the virtues they will need to live in a world of rapid change. Oxley believes in the value of education for all and believes to be with each of everyone. Oxley is a day school for boys and girls. Oxley provides an awareness of the needs of others and a compassion for the mind, the body and the spirit, recognising that in harmony they contribute to wholeness of being. Above all, we hope to engender in our students an understanding that 'being' is more important than 'having'. Oxley is a day school for boys and girls.
